

NEURVANA® Pro

The Brain's Natural Stimulant

NEURVANA Pro is the brain's natural stimulant for higher consciousness, cognitive enhancement, longevity, higher dimensional processing, slower aging, peak body-and-mind performance and youthful functioning.

NEURVANA Pro naturally amplifies key neurotransmitters and neural activity to rapidly produce unique uplifting effects on mood, cognitive ability, motivation, alertness, energy, physical performance, sexuality, creativity, awareness, focus, sensory integration, multidimensional processing and accessing the higher planes.

- ✓ **Increased Energy, Alertness and Higher Consciousness**
- ✓ **Mental Power, Focused Attention, Creativity,**
- ✓ **Feelings of Pleasure and Emotional Well-Being**
- ✓ **Powerful Mood-Brightener..Quickly Boosts Depressive Moods**
- ✓ **Supercharged Physical and Athletic Performance**
- ✓ **Longevity, Slower Aging, Youthful Functions**
- ✓ **Multidimensional processing,**
- ✓

NEURVANA Pro is a safe, natural alternative to Ritalin® & Aderall® for improving attention and bad behavior. Plus, **NEURVANA Pro** is a safe, natural alternative to drug stimulants for increasing learning, memory, cognition & athletic performance at school, home, work and play.

NEURVANA Pro contains **beta-phenylethylamine (PEA)**, a natural neurotransmitter and neuroregulator in our brain. PEA amplifies the signal strength and activity of the major neurotransmitters (chemical signal messengers between nerves) to improve your life.

- PEA increases *dopamine* for feeling pleasure, sexuality and wellbeing.
- PEA increases *norepinephrine* the brain's stimulant for energy, wakefulness and higher physical performance,
- PEA increases *acetylcholine* for improving memory, learning, thinking, and sensory integration
- PEA increases *serotonin* for better moods, healthy emotions and impulse control.

PEA triggers neurotransmitters for "Brain Plasticity" (*the forming of new brain cells, connections and functions*) to increase cognition, learning, memory, skills, smartness and performance.

NEURVANA Pro signals the brain's emotional center (*the Limbic System*) to enhance your sense of wellbeing, pleasurable feelings, physical drive, social behavior, sexuality, creativity, and sensory perceptions.

NEURVANA Pro produces an immediate shot of "pleasure, euphoric bliss and emotional well being".

NEURVANA Pro helps fight aging and its problems by rehabilitating neurotransmitter decline. As a result, **NEURVANA Pro** is your prescription for a more youthful, body, mind and physical functioning.

NEURVANA Pro may be beneficial for Attention Deficit Disorders, addictions, affective disorders, drug abuse, eating disorders and cognitive dysfunctions.

BENEFITS & FEATURES

NEURVANA Pro is doctor-recommended and research-proven. It rapidly produces many unique body-and-mind effects:

Longevity, Slower Aging, Youthful Functions

PEA helps delay aging and its problems by rehabilitating neurotransmitter decline and imbalances from aging. PEA helps transform an under-performing, shorter-living person into a higher-performing, longer-living person with more youthful mental and physical functions.

Increased Energy, Alertness and Sensory Awareness

PEA has natural stimulating effects ---minus the harmful side effects of drugs. **NEURVANA** can quickly shift your brain into overdrive, with a surge of energy, alertness, and heightened senses.

Higher Consciousness ..More Mental Power

NEURVANA Pro can make you smarter by upgrading your brain hardware for faster thinking, increased attention, quicker decision-making, greater sensory awareness, less brain-fog and immediate, easy memory access. PEA boosts the neurotransmitters acetylcholine for higher consciousness and cognitive functioning.

Focused Attention

PEA boosts norepinephrine and dopamine for greater focus, attention and alertness. PEA in **NEURVANA** is recommended as a safe, natural alternative to Ritalin® and Aderall® for improving attention, focus and behavior.

Triggers Neurogenesis to Enrich Life

PEA triggers neurotransmitters for "Brain Plasticity" and "Neurogenesis" (*the forming of new brain cells, information processing connections and functions*) that increase cognition, learning, memory, skills, smartness and performance. This can give you an 'Edge' in life.

Feelings of Pleasure, Ecstasy and Emotional Well-Being

NEURVANA Pro provides an immediate shot of "euphoric pleasure, bliss and emotional well being," even during those stressful times. PEA increases the release and activity of dopamine, the "feel good" neurotransmitter.

Powerful Mood-Brightener. Quickly Boosts Depressive Moods

PEA is a research-proven mood-brightener, so **NEURVANA Pro** helps quickly overcome depressive moods of feeling sadness, hopelessness, discouragement, and that "down in the dumps" feeling. Researchers found that PEA boosted chronically low moods in 60% of persons tested.

Fat Burning and Weight Loss

NEURVANA Pro helps you lose excess weight. PEA releases catecholamines that turn up the cellular furnace to burn body fat for energy while controlling impulse overeating and satisfying appetite.

The Neurochemical for increased Libido, Sexual Desire and Feeling Love

NEURVANA Pro has exciting aphrodisiacal qualities and causes the feelings of romance and love. PEA is considered the primary brain secretion for stimulating libido, sexual drive and pleasure.

Supercharged Physical and Athletic Performance

PEA activates key neurotransmitters like epinephrine to increase physical energy, stamina, concentration,

coordination, reaction time, motivation and confidence. PEA helps slow down the decline in physical performance from aging and elevate the ceiling for “maximum physical performance” leaving the competition behind.

The Brain’s Natural and Powerful Internal Stimulant

NEURVANA Pro has invigorating, stimulating, energizing effects. PEA has a natural amphetamine-like structure and actions on the central nervous system to produce alertness, wakefulness, attention, energy and endurance. Unlike other stimulants that are addictive and harmful, PEA is natural, free of harmful side effects, non-addictive and safe.

Exercise Euphoric High

An increase in PEA from exercise is now believed to cause the euphoric mood called “runner’s high.” Taking **NEURVANA Pro** mimics this feeling and can increase the euphoric high from exercise.

Piperine®, a Natural Bioavailability Enhancer of PEA

To enhance PEA’s actions, **NEURVANA Pro** is formulated with Bioperine®. This patented phytochemical plant extract can improve the bioavailability of PEA by increasing GI tract absorption and inhibiting the enzyme that breaks down PEA. The synergy between Bioperine® and PEA can increase and extend the effects of PEA.

Patent-pending Nanosphere Delivery

NEURVANA Pro is formulated with a patent-pending ‘NanoSphere Delivery System’ to enhancing bioavailability (delivery) of PEA. Protective coated tablets safe-guard PEA from degradation in stomach and rapidly release PEA in the intestinal tract for enhanced delivery to the bloodstream and transport to the brain.

USAGE & WARNINGS

Recommended Use

Take one to four **NEURVANA Pro** tablets per day on an empty stomach.
Begin by taking 1 to 2 tablets a day and gradually increase daily amount.

For best effects:

Take 1 or 2 **NEURVANA Pro** tablets in the morning before breakfast.
Follow by one tablet every 3 to 4 hours on an empty stomach throughout the day.

Do not take **NEURVANA Pro** in the evening because phenylethylamine may cause sleep problems (insomnia).

NEURVANA Warnings

- **NEURVANA Pro** should not be used by individuals under the age of 18 years.
- **NEURVANA Pro** should be not be taken if you are pregnant or nursing.
- Do not take Phenylethylamine if you have used an MAO inhibitor such as isocarboxazid (Marplan), phenelzine (Nardil), rasagiline (Azilect), or tranylcypromine (Parnate) within the past 14 days. MAO inhibitors prolong and increase the actions of phenylethylamine.
- Do not take Phenylethylamine if have phenylketonuria (PKU).
- If you are on medication or have a health condition, consult a physician before using **NEURVANA Pro**

SUPPLEMENT FACTS

Supplement Facts

Serving size 1 tablet

Servings per container 120

	Amount Per Serving	% Daily Value
Beta-Phenylethylamine HCL	185 mg	*

* Daily Value not established.
